GET PUBLISHED IN 2009

IT IS THE SECRET WISH for millions of people. They dream about getting a book published. According to Susan Driscoll and Diane Gedynmin in Get Published! “...83 percent of Americans ...say they want to write a book. Yet few ever do.” Many people make some attempt at writing a book but they have no background in the publishing world to even know where to get started. Instead of pursuing their dreams with full force, they remain unfulfilled without anyone to guide them in the process.

Over the last 20 years, Terry Whalin has met many people who have this desire to get published and taught at numerous writers’ conferences. The author of more than 60 books with traditional publishers and a journalist who has written for more than 50 print publications, Whalin has poured his skill and experience into JUMPSTART YOUR PUBLISHING DREAMS, INSIDER SECRETS...
TO SKYROCKET YOUR SUCCESS (March 2009 release, 280 pages from WTW Press).

As Rick Frishman, Publisher, Morgan James Publishing said, “From his many books, Terry understands what writers go through to get published and that experience is combined with his knowledge as an editor and now literary agent in Jumpstart Your Publishing Dreams. He has created a roadmap for any would-be writer to follow. His practical advice is combined with his personal stories. You need the insight in these pages.”

Or Rick Hamlin, Executive Editor of Guideposts magazine, one of the top circulation publications in the United States said, “I can’t think of a better person to guide aspiring writers through the publishing world. Terry Whalin knows the business from all sides of the desk—maybe even the top of the desk. His advice is practical, direct and easy to follow. You can’t read a chapter of Jumpstart without feeling a little wiser. And that’s not just for unpublished writers either.”
